

Poison Help 1-800-222-1222

www.1-800-222-1222.info

Keeps tubes Full! **C"1** Pat. 7,971,752 made in U.S.A. **Cinch1**™ www.cinch1.com

To store on new tube: wrap, overlap and fasten, around full tube body.

To hang a new tube simply Cinch and Pinch™:

1. slide Cinch1 to seam end (H1),
2. pinch tube with seam (H2),
3. hang by Cinch1, cap down.

To keep a tube full:

- 1) fold flat tail of tube at least twice (a)
- 2) insert Cinch1 in folds (b);
- 3) wrap, overlap & fasten Cinch1 around the full body of tube (c).

A full partially used tube with Cinch1, stands upright on regular caps!

The fold allows a full partially used tube to be hung high and out of reach of children.
